This is no joke: High tariff is abuse of the power of taxation.

METE SWIFT JUSTICE

Special Term of Court in Franklin County to Try Negro Brute.

ASSAULT ON AN OLD LADY

County High School Apportionment. Several New Charters—President J. A. Mills Bereaved—Annual Fiddlers' Convention.

(Special Star Correspondence.)

Raleigh, N. C., September 3.—Governor Glenn made an order today for a special term of Franklin county court to be convened September 20th for the trial of Thos. Upchurch, the negro in jail at Louisburg on the charge of criminal assault on Miss Lizzie Perry, August 30th, in Harris township. Miss Perry who lived alone is sixty years old. The negro came to her house intoxicated and accomplished the assault after which the woman escaped and returning with an officer found the negro in a drunken sleep still in the bed.

A requisition was issued today by Governor Glenn on the Governor of Ohio for Will Gaines and Lee Kirk, under arrest in Columbus, Ohio, charged with the murder of Joe Morehead at Greensboro April 10th last. C. F. Neely of Greensboro is designated as agent to go to Columbus to bring the fugitive back to North Carolina.

A charter is issued for the Farrington Mercantile Company, of Chapel Hill, capital $20,000 by R. A. Honeycutt, W. M. Gattis and others. Another charter is for the Elmore Cotton Ginning Company, of Laurinburg, capital $3,000 by T. B. Elmore and others.

The State Board of Education has just made the second apportionment of funds for the establishment of county high schools, the amount being about $7,000 for the second apportionment. The first was $26,000. The counties interested in the second apportionment are: Alamance, $500; Bertie, $500; Beaufort, $500; Bladen $250; Buncombe $750; Craven, $500; Carteret, $500; Davidson, $250; Franklin, $500; Granville, $250; Guilford, $400; Hyde, $250; Mitchell, $500; Moore, $500; Stokes, $385; Union, $750; Rutherford, $500.

The annual labor day fiddlers' convention held under the auspices of the Raleigh Street Railway Company at Pullen Park attracted a big crowd last evening. There were four contestants for the prizes one being won by A. A. Parrish and the second by J. W. Sauls, both of this section. The rules permitted only such old line selections as Mississippi Sawyer, Arkansaw Traveler and similar tunes. William J. Andrews, of this city, president of the street car company, is known as the "patron saint" of this convention, he having originated the convention four years ago.

Miss Myrtle Mills, sixteen years old, only daughter of President and General Manager John A. Mills, of the Raleigh and Southport Railroad, died last night after an illness of several weeks with typhoid fever. She is survived by her parents and four brothers. The funeral will be held Wednesday afternoon from Hillsboro street Christian church by Dr. Daniel Albright Long, pastor of the church.

An order was made today for the equipment of the North Carolina Soldiers' Home with electric lights. Oil lamps have been in use heretofore. The incandescent lights will also be strung in the grounds of the Home so that the old soldiers can see to get about safely from building to building and through the grounds at night.

At a meeting of the North Carolina Grand Lodge Masonic Temple Committee tonight, it was decided to lay the corner stone on Wednesday of State Fair week in October. Special speakers and an elaborate programme will be announced tomorrow.

The incorporators and directors of Stonewall Jackson Manual Training and Industrial School, the nearest approach the last Legislature could make to a State reformatory, met here this afternon and elected Dr. Hubert Royster, of Raleigh, chairman, and J. P. Cook, of Concord, secretary. It was decided to hold an adjourned meeting in Greensboro, September 19th, at which the executive committee and other officers will be named. At that time Board named. At that time the Board hopes to receive proposals from a number of North Carolina towns for sites, either by donation or purchase, for the institution. The Board decided a hundred acres of land will be necessary, authorizing from one to five hundred acres. The State appropriation for the reformatory is $5,000, this year and $5,000 next year. Other funds are expected from private sources.

NOTHING ACCOMPLISHED

Negotiations For Purchase of Clarendon Water Works Plant Continued With Committee Until Special Meeting Later.

Practically nothing was accomplished at the meeting of the Board of Aldermen last night with reference to the city's negotiations for the purchase of the Clarendon Water Works plant to be enlarged and improved and operated as a municipal property. The committee made report of its offer of $125,000; the company submitted a counter-proposition asking for an appraisal of the property and through its counsel, Hon. John D. Bellamy, practically rejected the offer at the sum of $125,000 to be taken in 30-year, four per cent. bonds. The report of the committee was adopted and the matter continued with them until a special meeting which the Mayor stated that he would call within the next ten days or two weeks.

When the meeting had been called to order last night after an executive conference, the Mayor stated that before calling the regular order of committees, there was some special business for transaction and he called on Chairman Wood, of the Water Works Committee, for a report as to the negotiations for the purchase of the existing plant. Chairman Wood said the committee was ready with a partial report. He asked Dr. Bolles, a second member of the committee, to read the report, handing him a typewritten copy of the same. Dr. Bolles first read the report of the Committee reviewing the negotiations for the purchase of the plant and then the written offer made to the company was read.

Alderman Ellis moved that as the committee made only a partial report, that the report be received and the question be continued with the committee. This was carried and Hon. John D. Bellamy asked permission to address the Board. He first called on Chairman Wood for a report of Col. Ludlow, who had been employed by the city to make an examination and place a valuation on the property. Mr. Wood said the report would be furnished in full when the committee was prepared to make a final report. Mr. Bellamy pressed Mr. Wood for the report, stating that it was a public matter and the voters and taxpayers had a right to know how their money was spent. Mr. Bellamy then pressed Mr. Wood for a reply, that the water company had mailed to the committee, making a counter proposition to the city's offer of $125,000. Mr. Wood said he had received no reply to the offer and Supt. Robertson was called out in the audience to substantiate a statement that a reply had been mailed at noon the day before.

Mr. Wood produced a communication from his pocket, but said that he did not regard that as a reply. At the request of Mr. Bellamy, however, this reply was read as follows:

"Mr. T. W. Wood, Chairman Water Works Negotiating Committee, City:

"Dear Sir: We beg leave to acknowledge receipt of the letter of 27th from your committee making a proposition on the part of the city to us to sell our plant.

"In reply we will say that we will be present at the meeting of the Board of Aldermen on tomorrow night, as agreed upon with your committee, with a counter proposition, as outlined to you at our recent meeting, which we will respectfully submit through you to the Board, and which we hope will be acceptable. In the meantime, we remain,

"Yours verdy truly,

"The Clarendon Water Works Co.,

"Wm. F. Robertson, Supt."

Mr. Bellamy then asked and was given permission to address the Board, hoping to aid the committee in arriving at a proper conclusion in the premises. He reviewed the history of the Clarendon Water Works Company and its organization in times when panic was abroad in the land, and certain public spirited men went down in their pockets and afforded the city fire protection, operating at a loss for many years. The cost of the plant, Mr. Bellamy said, was $300,000, and over 52 per cent. of the stock was owned by ladies. He then led up to the earning capacity of the plant now, yielding $16,940 net in 1906, which is more than 5 per cent. on an investment of $300,000. Mr. Bellamy stated that the Supreme Court had held time and again that earning capacity must be taken into consideration in arriving at values. He then spoke of the value of the company's franchise for the four and a half years longer that the contract is to run. He then took up the contract provision in regard to having the value arrived at by disinterested parties from outside the State Either the city and the water works company should come together and agree upon an appraisement of the property or the two reports of the engineers, now in hand should be taken as a basis of arriving at a correct valuation.

Mr. Bellamy read from the report of Mr. Hazen on the plant and also quoted figures which he learned were in Col. Ludlow's report for the city. He closed with an earnest appeal to the Board as business men for a square deal on the proposition. Then occurred a colloquy between Mr. Bellamy and Mr. Wood in regard to the valuation of property for taxation, all of which, however, wound up in the best

BOARD OF ALDERMEN

Regular Business For Monthly Session Came Late After Special Matters Were Considered

THE FIRE AND MARKET HOUSE

Contract Awarded to R. H. Brady. New Ordinance to Regulate Traffic in Hacks—Many Routine and Committee Reports.

Aside from the consideration of the saloon matter and the water works question, the Board of Aldermen at its regular monthly meeting last night was largely engaged with routine and department matters of little general interest to the public. Nearly two hours was devoted to the two special matters before the Board which are given elsewhere in today's paper and it was after 10 o'clock when the large number of spectators, gathered in the council room to hear the special proceedings, retired and the Board settled down to the regular order of business. There were present Mayor Springer, presiding; Assistant City Clerk and Treasurer C. H. White; City Attorney Marsden Bellamy, Jr., and Aldermen Karr, Rathjen, Wood, O'Brien, Northrop, Ellis, French, Bolles, Jewell and King.

At the request of Manager J. T. North, of the Postal Telegraph Company, and upon recommendation of the Finance Committee through Chairman Bolles, the license tax of $6 per quarter on the messenger service of the telegraph companies, was repealed, the Postal representing to the Board that the license tax is more than the revenue derived by the company from this service. The matter of tax on horse dealers erroneously paid by Mr. Frank T. Mills, was continued with the committee.

The tax books for the current year, having just been completed, were turned over to the City Clerk and Treasurer for collection.

Chairman Ellis made an exhaustive report of the work being done by the Sanitary Committee, showing progress along all lines.

Chairman Rathjen, of the Market Committee, made a very complete report of the arrangements looking to the building of the consolidated fire and market house on Fourth and Campbell streets. The plans had been changed to meet as far as possible the limited appropriation and new bids had been called for from the original bidders, that of Mr. R. H. Brady being $9,725 and that of Mr. Joe Schadd being $9,787. The committee recommended that the contract be awarded to Mr. Brady and it was so ordered, contractor to give bond of $1,500. The recommendation that the present market house be advertised for sale for 10 days, allowing the purchaser 10 days to remove the building, was also concurred in. The present engine house will be removed to the north side of the lot and be used by Hose Company No. 3 until the new building is completed, after which the same will be converted into stalls on the lower floor to be used by hucksters and fish dealers, the hall on the second floor also to be rented out. The Board granted an additional appropriation of $2,000 for the erection of the structure, subject to concurrence of the Board of Audit and Finance. It is estimated that $960 will be received in annual revenues from the new market house and $1,380 from the present engine house. While the new building is going up the tenants of the market house were granted permission to move from the northeast corner of Fourth and Campbell to the southwest corner of the street, running from Fourth to Third street, this not interfering with traffic on the thoroughfare.

Chairman Northrop, of the Light Committee, reported three arc lamps installed. Upon motion of Alderman King an arc lamp was ordered installed in the discretion of the committee at Tenth and Dawson streets.

Chairman O'Brien made a comprehensive report for the streets and wharves Committee. Further time was asked on the question of a public park in the Carolina Heights property. An unsatisfactory reply was received from Supt. Hix, of the Seaboard Air Line, with regard to an iron bridge over the tracks of the company crossing Fourth street. A matter brought up by Alderman King with reference to Second and Marstellar streets was referred to the committee with power to act.

Alderman French revived his proposition to dispense with the ringing of the general fire alarm bell, but the Aldermen were wedded to the music, of the bell, and the elimination of the alarm met with so much disfavor that Mr. French withdrew his motion for 30 days.

An ordinance was presented, regulating public hacks and limiting ordinary fares to 25 cents and requiring all to be licensed and numbered after approval of the license by the Mayor and Chief of Police. Drivers are required to wear badges, these badges to be non-transferable. A fine of $10 is the penalty for violation of the ordinance, which goes into effect October 1st. The object is to protect the public and enable the police to trace

LICENSE IS NOT REVOKED

Legal Barriers in the Way, Mayor Did Not Urge His Recommendation as to Front Street Saloon on Aldermen.

Finding himself confronted with legal complications, the existence of which appears from a late act of the General Assembly, copies of which have only recently been received from Raleigh, the Mayor at the meeting of the Board of Aldermen last night did not press his recommendation for a revocation of the license of Mr. M. L. Starkey, on Front street, the peremptory order of the city's chief executive having been made Monday in connection with an affray that followed a quarrel alleged to have been started in the place. However, he had drawn up and passed by the Board of Aldermen by unanimous consent an ordinance, which he believes will provide a remedy for any alleged abuses of the license privileges granted in the future.

When the water works matter had been disposed of, the Mayor stated that he had another special matter to bring up and read the notice that he had sent to Mr. M. L. Starkey giving him notice that at the next meeting of the Board of Aldermen, he would recommend that his license be revoked on account of repeated complaints of disorder in and around his place of business. He said since the notice had been given, he had been shown a law that made it advisable not to press the recommendations at this meeting as the matter was in the hands of the County Commissioners and he had made an appointment for a conference with them next Tuesday afternoon. The methods of procedure in such cases is through the Solicitor and county authorities, all licenses being by the county on "approval" only of the city authorities. However, he had drawn an ordinance for which he asked unanimous consent to pass at this meeting, so that there would be no uncertainty about the matter of proceeding in the future. The ordinance was read by the clerk as follows:

"Be it ordained by the Mayor and Board of Aldermen of the City of Wilmington, N. C.

"Sec. 1. That all licenses granted by the Board of Aldermen for the sale of spirituous or malt liquors or both or any approval given by said Board for license to be granted by the Board of Commissioners of New Hanover County shall become void and forthwith be revoked and withdrawn should any person, firm or corporation carrying on or conducting the business of selling spirituous or malt liquors or both by virtue of any power, authority or license given or granted by the Board of Aldermen of the said City of Wilmington, violate any of the laws of the State of North Carolina, regulating the sale of spirituous or malt liquors or any of the criminal laws of the State of North Carolina or of the ordinances of the City of Wilmington or any of the laws of the United States of America.

Sec. 2. The Board of Aldermen of the City of Wilmington after notice of not less than three days to any person, firm or corporation having a license to retail spirituous or malt liquors or both in the City of Wilmington, N. C., shall have the power to revoke and withdraw any license, power or authority given, granted or approved by it for the sale of spirituous or malt liquors or both, if, in its opinion, such person, firm or corporation shall have become an improper person, firm or corporation to retail spirituous or malt liquors or both or if the place where said business is carried on is or shall have become an improper one.

"Sec. 3. Every person, firm or corporation to whom such license or authority is granted or given, to retail spirituous or malt liquors or both by the said city, shall receive and hold the same subject to the conditions and stipulations hereinbefore in this ordinance mentioned and provided."

Alderman O'Brien said he thought this was the law anyway. The Mayor said he thought so, too, until the present case came up. There was no objection and the ordinance was unanimously passed. Mr. Starkey was represented at the hearing by Hon. John D. Bellamy, Marsden Bellamy, Esq., and Herbert McClammy, Esq. The city was represented by City Attorney Marsden Bellamy, Jr., who drew the ordinance and gave his opinion that the matter was perfectly legal.

With the disposition of this matter, the large crowd that had assembled to hear the case left the council room and a recess of five minutes was taken before proceeding to other business.

Attacked by an Ape.

An infant daughter of Mr. and Mrs. Newton Rowan, who live in the Delgado village, was attacked by a vicious ape that had been kept by one of the neighbors as a pet Sunday afternoon and but for the cries of the child, she might have been killed by the simian. The child was in a crib in the house while the parents were seated on the front porch. The monkey slipped in the back way and attacked the child, the parents rushing to its assistance and driving the beast away, it having been later chased to the woods and killed. The child was severely bitten about the face and hands.

AFFAIRS OF COUNTY

Board of Commissioners Were in Regular Monthly Session Yesterday Afternoon.

THE TAX BOOKS TURNED OVER

Placed in Hands of Sheriff for Collection—Monthly Reports of Several Departments Received—Mayor Asks for Conference.

The regular monthly meeting of the Board of County Commissioners, postponed from Monday on account of Labor Day, was held yesterday afternoon, members in attendance having been chairman D. McEachern and Messrs. Wm. F. Robertson, W. F. Alexander and H. L. Vollers.

The tax books of the county for the current year as just completed by Mr. T. O. Bunting and his assistants, were formally tendered to the Board, accepted and turned over to the sheriff, with proper endorsement, for collection.

Mr. Steele, a representative of the Chas. M. Stieff Music House, was allowed to list the solvent credits of his firm in the county.

Upon representation of Mr. C. H. Alexander, it was ordered that Mr. and Mrs. Gurganus, of Harnett township, be allowed $5 per month on the outdoor poor list.

Mr. J. B. Mercer appeared before the Board and asked the adoption of a road through Mercer Place, in East Wilmington, as a public road. Mr. Mercer stated that he had cut the road through the place and only asked that the county take charge of it and maintain it. No motion being made in regard to the matter, no action was taken for the present.

On motion it was ordered by the Board that all delinquents be allowed to list their property for taxation on or before October 1st, 1907, without the payment of a double tax, provided the taxes are paid at the time of listing.

The superintendent of Health reported two cases of scarlatina during August. One cow was killed on account of rabies and a few cases of dumb rabies occurred among dogs. John Henry, a colored convict, died of meningitis at the hospital on the 15th. This case and one of fever at the camp constituted the acute sickness, during the month in all the county institutions, which were reported in their usual good sanitary condition.

Superintendent of Roads Herbert Hocutt reported the spur track to the rock quarry completed; Princess street road from city rock quarry to Newbern Railroad track repaired and now in good condition and the building of Purvine's creek bridge is now in progress. A communication from Mr. T. F. Bagley was submitted, stating that he had made satisfactory arrangements with Mr. Hawkins whereby the county may proceed with the Greenville Road.

The Register of Deeds reported 28 marriage licenses issued during the month and the payment of $26.60 into the treasury as revenue received therefrom.

Supt. J. R. Hardee, of the County Home, reported 11 colored and three white inmates during the month with 34 colored and two white convicts.

A communication from the Atlantic National Bank with respect to a coupon lost was referred to the Finance Committee with power to act.

The request of the Chamber of Commerce for an appropriation of $500 to be used with a similar appropriation of $1,000 already made by the city in furthering the 30-foot project for the port of Wilmington, was granted, provided, in the opinion of the County Attorney, the same is legal.

The request of A. O. McEachern and other residents of Wilmington for a change of certain drainage on the Newbern road, was referred to committee.

No action was taken upon request of H. C. Irwin for reduction of valuation upon his cottage on Wrightsville Beach. Request of Mrs. M. P. Christ for reduction of assessment recently advanced on her property on east side of Second, between Dock and Orange streets, was referred for investigation to a committee composed of Messrs. Robertson, Vollers and Alexander.

It was ordered that the old Brunswick road from the railroad crossing to the Baptist Church at Castle Haynes, now paralleled by the new macadam turnpike, be abandoned in favor of the better thoroughfare, as a public road. The committee on the Wrightsboro road reported progress.

A letter from Mayor Wm. E. Springer requesting a conference with the Board on certain matters of public importance on Sept. 10th, at 3 P. M., was acknowledged and the conference was granted. The Mayor's communication stated that he had intended to appear before the Board yesterday afternoon, but was prevented from doing so by a press of other city matters.

Contract for feed of live stock of the county during September was awarded to John S. McEachern Sons at 75c for corn kiln dried; 80 cents for mixed corn; 65c for oats and $24 for Timothy hay.

Upon recommendation of Chairman Alexander, of the County Home Committee, the contract for rebuilding the peanut house recently destroyed by a

BRYAN NOT A CANDIDATE?

A few days ago the Star published, with sundry misgivings as to its accuracy, a statement that appeared in the Philadelphia Record (Dem.) to the effect that the Hon. Wm. J. Bryan had given it out that he was not a candidate for the Democratic nomination for President next year. The Brooklyn Citizen (Democrat and anti-Bryan) is also skeptical. Says the Citizen:

"Somebody, who it calls a well-known Democrat, has informed the Philadelphia 'Record' that Mr. Bryan has made up his mind, after careful consideration, not to be again a candidate for the Presidency. He has, it appears, reached this conclusion because, although the people are for him, the leaders of the party are unfavorable. Our esteemed contemporary of the Quaker City would be entitled to congratulations on a first-class 'beat' were this piece of news authentic, but as Mr. Bryan still remains to be heard from over his own signature, it would be premature to offer them. Without questioning in the least the good faith of the "Record," or that of the 'well-known Democrat' in whom it reposes its trust, we still incline to the opinion that the Democratic nominee next year will be the gentleman from Nebraska."

The statement probably is correct that Col. Bryan is not a "candidate" in the sense that the word is generally taken, but we are rather inclined to think that the Nebraskan will accept the nomination if he is the Democracy's candidate. The fact is we clipped this from his paper, "The Commoner," of a recent date, under the caption "Not a Matter of Ambition":

"Those who urge the nomination of a 'conservative' candidate by the Democratic convention studiously insist that 'Mr. Bryan's friends say he does not want the nomination.' But is this the real issue? The Presidential nomination ought not to be regarded as a compliment to be handed to some one because he would be pleased to have it. A candidate should be selected because the rank and file of the party WANT HIM NOMINATED—not merely because he wants the nomination. First, what will the party stand for? Second, who can best represent these principles in the campaign? These questions ought to control the selection. Men's ambitions ought not to count for much in a Presidential contest."

From the same issue of The Commoner, we take the following:

"'Hasn't the President already settled upon Mr. Taft as his successor?' sneeringly asks Mr. Bryan's Commoner. Hasn't The Commoner already settled upon Mr. Bryan as the candidate the Democratic party must nominate?—Sioux City Journal. The Commoner has not 'already settled upon Mr. Bryan as the candidate the Democratic party must nominate.' The rank and file of the Democratic party will select the Democratic candidate. The Democratic party has no masters into whose hands has been given the matter of providing the candidate and outlining the issues."

To a man up a true these two extracts from Col. Bryan's own paper would indicate that he leaves it to the people as to whether he will be a "candidate" or not.

YOUNG PEOPLE'S HISTORY OF NORTH CAROLINA.

The Star has received from the publishers, the Stone & Barringer Company, of Charlotte, a copy of the "Young People's History of North Carolina." This work is by Prof. D. H. Hill, Chair of English, North Carolina College of Agriculture and Mechanic Arts, at Raleigh, and the most cursory glance will impress one of its thoroughness, value and importance. This is the book recently adopted by the State Board of Education for the schools of North Carolina, and we are sure that North Carolinians from the mountains to the sea will approve that action.

Professor Hill has given us an excellent history of the State, and the facts and incidents are presented in easy-flowing and attractive style. The work shows extensive research on the part of its author and he has taken great pains to present an accurate and educational history of our great State. During its preparation he has had access to all the records of the State, and he has fully availed himself of all original sources now open to students of our history. Moreover, he has gone to private manuscripts and has received information and facts after studiously searching and verifying all that he has to present in his most interesting history. To make sure of accuracy his manuscript was submitted to several of the State's best historians, and one feature that adds wonderfully to its interest and value is that it is profusely illustrated. No other book on North Carolina has been so richly illustrated. It contains 182 pictures, including those of the Lords Proprietors, nearly all our Governors, many statesmen and soldiers historic and public buildings, scenes, etc. Among the pictures are those of Governor Vance, Gen. D. H. Hill, Gen. Whiting, Hon. George Davis, the ruins of Saint Philip's Church, and of the former residence of Gov. Dudley, now the residence of Mr. James Sprunt, in Wilmington. Besides those named, appear the pictures of most of the Governors, including those of Gov. D. L. Russell, of Wilmington, and our present State executive, Governor Robert Broadnax Glenn.

The history covers the periods and epochs from Sir Walter Raleigh's settlement on Roanoke Island down to the administration of Governor Glenn. It is a timely production, and Prof. Hill has given North Carolina its completest and best history for primary education.

AFTER THE LUMBER TRUST.

A dispatch from Toledo, O., on Sunday states that Secretary of the Interior Garfield, on his return from a conference at Oyster Bay with President Roosevelt, which followed on the heels of the Secretary's visit to the West, let it be known that a fight on the lumber trust, the fourth of the nation's big combinations in the industrial world, is to be waged soon. The dispatch goes on to say that Secretary Garfield would not discuss the details, but said information he had obtained "that the lumber trust existed" was in the hands of the Bureau of Corporations, and that bureau and the Inland Waterways Commission, headed by Congressman Burton, would force the issue before the Interstate Commerce Commission soon. He intimated also that personal prosecutions would be made, saying Frederick Weyerheuser, for forty years head of the lumber monopoly, was still in the market.

If the Government wants to tackle something worth tackling, why does it not have a death grapple with the Paper Trust? In the combination of the paper manufacturers we have one of the most iniquitous and tyranical of all the trusts. The newspapers throughout the country are in its grasp, and not alone the newspapers, but every branch of the paper and stationery business is affected. The price of papers has continued to advance from time to time and yet there are rumors of a further advance of newspaper from 4 to 6 cents per pound.

The Government claimed some months ago to have busted the paper trust, but it appears that the trust acted after the manner of the glass snake. When struck, the glass snake flies to pieces at the joints, and subsequently the pieces get back together again. The fact is, the Paper Trust was not busted but the joints flew apart, and after receiving the blow they emerged from the tall timber and got together again.

THE REVIEW OF REVIEWS.

That ever entertaining, informing and educating magazine, the American Review of Reviews, for September, has been received. This great publication is international in scope and in it we are not only kept abreast of current events at home, but we are enlightened upon the chief matters agitating foreign countries. The current number of the magazine contains articles on "Why Interest is High"; "The West Indies in the World's Trade"; "Prohibition in the South," and scores of other articles discussing propositions and problems that are before the world. The able editor, Dr. Albert Shaw, gives us 38 of his illuminating editorials on Progress of the World, included among his discussions being "North Carolina and the Southern Railway," "Increased Demand for Capital," and nearly two score of other live topics. The annual subscription price is $3, and the numbers are on sale at 25 cents. Address The Review of Reviews Co., 13 Astor Place, New York.

CURRENT COMMENT.

—While Mr. Taft is telling what he would do if he were President, some men find it hard to get rid of the suspicion that he knows what he would do because some one told him.—Washington Post.

—Eastern papers report that hardware drummers are now on the road taking orders for skates. The roller and ice varieties are the only ones that will be permitted by law in the South after a while.—Washington Post.

—Last month was made notable in North Carolina because saloons were voted out of four important towns and Anson voted dry by a big majority. The next city to act is Raleigh which will vote for prohibition before the close of this year. It will be another forward move for the capital of the State.—Raleigh News and Observer.

—The Weekly Tar Heel rises to a point of order and pens an editorial that is more amusing that otherwise. The very suggestive title of the article is "North Carolina Republicans Want to Win." So far as we know there are none to deny this assertion—North Carolina Republicans have always had similar hankerings, and the disease is no less prevalent today than heretofore. All branches of North Carolina Republicans want to win—the Butlerites are characteristically following the illusive scent of political pie. The Blackburn brand is hot on the same trial.—Charlotte News.

—In the year preceding the presidential election of 1896 the Republicans carried both Maryland and Kentucky. The result was taken as an indication that the current would be with the Republicans in the approaching national contest. In 1891 Flower had a plurality of 47,967 in New York, and Horace Boies carried Iowa—a result that was regarded as favorable to the Democratic outlook for the presidential campaign in 1892. There are politicians who are disposed to think that the State elections this year in Maryland, Kentucky, New Jersey and Massachusetts will have special importance as probably foreshadowing the political drift in 1908.—Watertown (N. Y.) Standard (Rep.)

—It is discovered that more champagne comes from France than is made in the champagns country; more Pilsner beer consumed in this country in one year than Pilsner makes in ten; and more Neirsteiner Rhine wine is shipped to America than the whole Rhine district produces. But then Americans do not have to use them. Better products are made at home. The un-American habit of preferring a foreign label is responsible for the fraud. Indeed a good deal of this imported wine is of American production sent to Europe, doctored, given a foreign label and sent back at an increased price.—Watertown (N. Y.) Times (Rep.)

TWINKLINGS.

—"How does Mrs. De Style manage to cross the gaps in her income?" "I think by bridge parties."—Baltimore American.

—He (with a sigh)—I have only one friend on earth—my dog. She—Why don't you get another dog?—Chicago Daily News.

—"Young Freshleigh insisted that all he needed to succeed in politics was an opening." "Well, he's got it. He's in a hole now."—Baltimore American.

—Patience—"Does it disconcert you for people to talk while you are singing?" Patrice—"Well, if they say 'shut up,' it does."—Yonkers Statesman.

—"You say he's stingy?" "Very." "To what extent?" "Instead of mailing her souvenir post cards he encloses them in the letters he writes her."—Milkaukee Sentinel.

—"Why, Bobby Jones! I never heard such wicked language." "Well, ma, Chaucer uses it." "Then you must quit playing with him at once."—Cleveland Leader.

—"Buttrin has been a good deal in the public eye, hasn't he?" "Yes, in the sense that he gets himself blown into it once in awhile."—Chicago Tribune.

—"Your sentence is to be suspended," began the merciful court. "Great Scott, jedge!" exclaimed the prisoner, "ef I'd knowed chicken-stealing was a hanging offence I wouldn't have stole."—Philadelphia Ledger.

—Mrs. Gramercy—She seems to have more leisure since she obtained her divorce, Mrs. Parker—Naturally. She has to take care of her children only six months in the year now.—Puck.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SOUTHERN BELL'S BIG INCREASE

Telephone Company, Without Formal Notice to North Carolina Corporation Commission, Has Greatly Run Up Its Rates.

(Raleigh News and Observer, Sept. 3.)

Without formal warning to the public, or formal notice to the North Carolina Corporation Commission, the Southern Bell Telephone has made a big increase in its rates and has practically doubled its long distance night rates.

This was begun on Sunday night, September first, when the night rates, in effect as far back as can be remembered in the telephone business were withdrawn, and the night rates were made the same as the day rates.

The matter of the doubling in night rates without notice having been called to the attention of the North Carolina Corporation Commission, which has jurisdiction of telephone companies, the commission yesterday afternoon tried to reach Superintendent W. T. Gentry, of the Southern Bell, at Atlanta, it being stated by Mr. Henry C. Brown, chief clerk to the commission, that it was the purpose to ask Superintendent Gentry to withdraw his order increasing the rates, until the matter could be heard by the commission. At a late hour last night the commission had not been able to get in communication with Superintendent Gentry.

These sweeping regulations, which double all long distance night rates, affect practically every point in the United States, except as to local rates, and after midnight Sunday night all messages out of Raleigh were at the doubled rate, this causing great and just dissatisfaction among the patrons of the system, which in this section has a monopoly to almost every point and seems able at this juncture to squeeze the public.

The claim is made by the telephone people that the increase was made because during part of the day the lines were idle and that there was a congestion of business after 6 P. M., when the previously lower rate became effective, and the people could not secure the service demanded.

The public, however, believes that the telegraphers' strike has something to do with the increase, but in New York, from wihch the general statement was issued, it is declared that the increase was not the direct result of the strike, which has, of course, greatly increased the telephone business. And besides believing that the telegraphers' strike has something to do with the increase the public believes that the Southern Bell has taken this opportunity to double its rates because of the necessities of the public, and there are many who believe that also the Western Union Telegraph Company has a finger in the Southern Bell. These people also believe that eventually the telegraph companies will do the same thing and increase their night rates to day rates.

This one hunderd per cent. jump will without doubt decrease the night business and business people, who have used the rate after six o'clock will have to pay double toll and will use the telephone in the day. The doubling of rates for night service is a most unwelcome one to the public. for a reduction in telephone rates at night has been a boon to the public and has greatly increased the telephone business. At this time, when the telegraph companies are more or less crippled, the increase in telephone rates will prove absolutely burdensome.

The North Carolina Corporation Commission should act at once, and vigorously. It is presumed that it has the power in its hands to compel the Southern Bell to give previous notice of its proposed doubling of rates, and to permit the people who pay the bills to have a say in the matter. Immediately action on its part would be appreciated by the public.

How It Affects Raleigh.

The doubling of the night rates as they apply to Raleigh show that in place of talking to New York for there minutes at night for $1.65 the charge will be $3.25, the day rate.

Here is a table of the charges which will show the effect of increase at a number of places in and out of the State:

Raleigh to:	Former night rate.	Present night rate.
New York	$1.65	$3.25
Washington	.90	1.75
Richmond	.45	.90
Asheville	.75	1.50
Charlotte	.50	1.00
Wilmington	.40	.75
Goldsboro	.25	.35
Greensboro	.25	.50
Wilson	.25	.40
New Bern	.30	.60
Morehead City	.45	.90
Elizabeth City	.65	.125

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison, too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by R. R. Bellamy, druggist. 50c.

RULES GOVERNING THE CONTEST. READ THEM CAREFULLY:

A.—All subscriptions must be received at the regular published rate. No discounts or commissions whatever will be allowed.

B.—**No subscriptions will be received for a less time than three months.**

C—**Every subscription sent in under this offer must be a bone-fide new subscription to The Morning Star. No others will be received, and a careful investigation will be made to determine whether or not the name sent in is a new subscriber.**

D.—**Cash must accompany all orders.**

E.—All that is necessary to win any of the trips enumerated above is that the subscriptions sent in shall aggregate the amounts named. Orders need not be for yearly subscriptions only. In securing subscriptions the following ratio may be observed: Two six-months' subscriptions are equivalent to one yearly subscription; four three months' subscriptions are equivalent to one yearly subscription.

F—The names of new subscribers, and the amounts collected, should be **sent in as soon as obtained.** Receipts will be forwarded to the subscribers at once, and the amount placed to the credit of the contestant.

G.—This exceptional offer will remain open to all until September 1, 1907. If you get to work at once there is time a plenty for you to secure one of the best trips. You may visit the Exposition any time you please.

—State Deputy Grand Chancellor J. D. Nutt, of the Grand Lodge of the Knights of Pythias in North Carolina, went up to Rose Hill yesterday evening, where tonight he will institute a new K. of P. lodge in that progressive town. Members of Wilmington lodges who can attend are asked to do so.

CAROLINA SAVINGS & TRUST.

Annual Meeting of Stockholders Held Yesterday Morning.

The annual meeting of the stockholders of the Carolina Savings and Trust Company was held yesterday morning at 11:30 o'clock at the banking house of the institution on Front street. Mr. S. Behrends presided over the meeting while Mr. James Owen Reilly was called to the desk to act as secretary. A large majority of the stock was represented, either in person or by proxy, and upon the meeting's being declared ready for business the annual reports were submitted, which were highly satisfactory to the shareholders and showed the affairs of the institution in most excellent shape.

The second annual report of President John S. Armstrong was the feature of the meeting. Since the bank was organized two years ago the total resources have grown to over $400,000 and the undivided profits amount to more than $10,000. During the past two years $2,189,475.22 has been the amount of the loans, all conservatively and carefully made. This has been handled without a loss. Furniture and fixtures amounting to about $2,000 have been charged off and $2,050 has been placed from profits to offset possible loss.

Following the reports of officers of the bank, the election of the old Board of Directors was unanimous, with the exception of Mr. M. S. Willard, who declined re-election, and Mr. James Owen Reilly was elected in his stead. The directors subsequently met and re-elected all the old officers, whose capable management of the affairs of the institution was freely and most favorably commented upon by the stockholders at the meeting.

LOCAL DOTS.

—First Church of Christ, Scientist, Carolina Place: Services this evening at 8:15 o'clock. All are invited.

—Justice Bornemann yesterday married at his office Thomas J. Rouse and Miss Eliza Phillips, both of this city.

—A permit was granted yesterday to R. H. Reveille to build a moving picture theatre to cost $350 at Front and Queen streets.

—License was issued yesterday for the marriage of Mr. James P. Howell and Miss Mary Louise Yates, a daughter of Mrs. Hattie J. Yates, all of Wilmington.

—The regular weekly prayer meeting of the First Presbyterian Church will be held tonight in the lecture room at 8:15 o'clock, conducted by Rev. W. E. Hill, who is supplying the pulpit of the church while the pastor, Dr. Wells, is on his vacation.

—There were sales of spirits of turpentine on the local market after hours yesterday at 52 3-4 cents. The market was very weak in Savannah, owing to large stock and poor demand. Crude turpentine on the local market yesterday declined to $2,75, $4.00 and $4.25 for the three grades.

—The schooner Herald, 474 tons, Captain Simmons, arrived yesterday from Chester, Pa., and will receive cargo here. The Norwegian steamer Thrift, 1,358 tons, Captain Hvistendahl, arrived yesterday from Villa Real with cargo of pyrites for the Virginia-Carolina Chemical Company.

—Monday was a record of comparatively high temperatures in the Wilmington district but as usual this city was the coolest spot on the map. The reading here was 81 degrees while Charlotte, Newbern, Goldsboro, Greensboro, and Cheraw, S. C., had 86 degrees; Florence, 94; Lumberton, 89; Raleigh, 82 and Weldon, 88.

—Sheriff S. P. Cowan gives official notice that the tax books are now in his hands for collection. The new law gives the sheriff only a short time to collect these taxes and those who would save costs would favor the sheriff and themselves by making early settlement. The office is open from 9 A. M. to 5 P. M., with no closing for dinner hour.

—Report of the treasurer of the Associated Charities for the month of August 1907: Receipts—New Hanover county, $125; Mrs. H. F. Wilder, 50c; Mr. H. Gerdes, 25c; Mrs. W. L. Parsley, $25. Disbursements—Secretary's salary, $25; Catherine Kennedy Home, $12.50; groceries, $100.75; rent for those in need, $11.50; cash help, $3; telephone, $3.

—N. O. Grimsley, the young man arrested a few days ago on a charge of seduction and gave bond for his appearance this week, was arraigned in Justice Furlong's court yesterday afternoon. He was represented by Herbert McClammy, Esq., and an arrangement was entered into with the prosecutrix by which the case was settled and the young man was discharged.

WEDDED AT CLINTON, N. C.

Prominent Couple Plight Their Troth at Home of Bride's Parents.

(Special Star Correspondence.)

Clinton, N. C., September 3.—Mr. Henry W. Darden and Miss Margarette A. Giddens were married at the home of the bride's parents, Mr. and Mrs. H. B. Giddens on Tuesday morning, September 3rd, at 9 o'clock, by the Rev. J. M. Page, pastor of the Baptist church.

The couple left on the 9:50 northbound train for Jamestown and other points North. They will be at home on Methodist street after September 12th.

The groom is a prominent merchant of this place, and is indeed quite fortunate in claiming for his bride Miss Giddens, who is widely known for her unexcelled gifts and accomplishments. Their many friends extend to the fortunate couple heartiest congratulations and warmest wishes for a happy wedded life.

LUMBERMEN COME TODAY

North Carolina Pine Association at Hotel Tarrymoore, on Beach.

The North Carolina Pine Association, comprised of the leading lumber manufacturers of the Carolinas, Virginia and Maryland, will meet at the Hotel Tarrymoore, at Wrightsville Beach, this morning remaining in session one day. Mr. E. C. Fosburgh is president and Mr. John R. Walker, of Norfolk, is secretary and treasurer of the Association. Most of the members, between seventy-five and one hundred in number will reach the city on this morning's train and will leave for the meeting at the beach at 10:30 A. M. The session will be an executive one and will be held in the ball room of the hotel. The purpose of the meeting is to take final action upon the question of curtailment during the Summer months and the discussions of trade conditions in general.

ALEX MALLETT DISCHARGED.

Negro Charged With Killing Emeline Brown Exonerated by Jury.

The coroner's jury empanelled by Dr. C. D. Bell Monday afternoon to inquire into the circumstances of the killing of Emeline Brown, a colored woman of questionable character, met yesterday morning at the office of Justice Furlong, on Princess street, and after hearing the testimony of four or five witnesses to the tragedy, returned a verdict that the woman came to her death from gun shot wounds caused by the accidental discharge of a shot gun in the hands of Alex. Mallett, who was exonerated of all blame and discharged from jail, he having given himself up to the jailer immediately after the shooting. The jury was composed of Messrs. W. G. T. Keen, foreman; John J. Furlong, clerk; W. H. Hancammon, S. Diel, J. C. McAllister, and W. S. Duncan. The several witnesses examined were Julia Young, Annie Campbell, Annie Boykin and a negro named "Crackerjack." They all said the shooting was purely accidental and a verdict was declared accordingly.

BICYCLE OWNERS BEWARE

Many Thefts are Being Reported at the Police Station.

The police at headquarters are being besieged with requests to look out for stolen bicycles. Last week three were stolen and one of the number was recovered the thief being held for the higher court by the Mayor yesterday, and during the same afternoon the theft of two other machines was reported.

Yesterday morning a Rambler roadster was stolen from Mr. I. J. Sternberger from in front of his place and yesterday afternoon an Iver Johnson machine belonging to the Queen City Cycle Company was stolen from in front of the Fulton House where it had been left for a moment by the rider. Rewards are offered for the capture of the thieves or the return of the bicycles.

Why Graham Crackers are Healthful.

Graham flour is the whole kernel of the wheat, ground without bolting, or, in other words, without being sifted through bolting cloths.

Being the whole of the wheat, it therefore contains all the nutriment of the wheat, and has the additional virtue of increasing the activity of digestion.

Graham Crackers are the most delicious food made from this flour, and are especially desirable for persons of sedentary habits or occupation, because their stimulating effect materially helps the digestion.

The use of Graham Crackers is also a convenient way of furnishing variety to the diet, which alone helps greatly toward good appetite and digestion.

The Graham Crackers baked by the National Biscuit Company are different in flavor and better than any of the old-fashioned kinds. They are made scientifically by perfected processes, which preserves the natural sweetness and goodness of the wheat, and gives them a delicious nutty flavor entirely lacking in the Graham Crackers made in the old crude way. They are packed by the National Biscuit Company in moisture and dust proof packages, and are consequently not only crisp, fresh and clean, but have lost none of their original flavor.

A package within easy reach of the children and a package on the table at every meal will do much toward keeping the family in good health and spirits. To get them, simply ask anywhere for a package of Red Label Graham Crackers made by the National Biscuit Company.

BOARD OF ALDERMEN

(Continued from first page.)

articles lost or stolen.

Alderman Wood favored requiring the washerwomen also to take out license. This caused a laugh and although the members of the Board saw the wisdom of some such regulation, no action was taken.

The matter of certain needed repairs to the opera house was brought up by Chairman Jewell, but the matter was continued with the Public Building Committee.

Upon recommendation of Chairman French, of the Fire Committee, a standing reward of $25 was offered for the arrest and conviction of any party or parties guilty of turning in a false alarm.

Herbert McClammy, Esq., attorney, presented a claim of $10,000 alleged damages sustained by his client, Mrs. C. H. Keen, who was injured by falling into a hole on the sidewalk on Fourth, between Orange and Ann streets. Her hip was dislocated, ankle sprained and she suffered, and is suffering from internal injuries. The matter was referred to the Finance Committee for investigation.

Aman Bros. were granted license as fresh meat dealers at Seventh and Chestnut streets.

Bill of the county for $281.54 being the city's one-half of the cost of building parti-wall between the Court House property and city pound was referred to the Finance Committee.

Department Reports.

The usual monthly reports were submitted and ordered on file. That of Chief of Police Williams shows 221 arrests during August, 86 of the defendants having been white and 135 colored. Of this number 21 were sent to the county roads for an aggregate of 630 days and 28 were sent to the county farm for an aggregate of 960 days, while 18 cases were sent over to the higher court under aggregate bond of $825, and the remainder paid fines and costs aggregating $404.30, of which $186.65 went to the city in costs and $217.65 went to the county school fund.

The City Clerk and Treasurer reported a balance of $19,860.82 on hand August 1st, while receipts during the month, were $15,495.49, of which $10,000 was a loan. The disbursements were $32,533.12, leaving a balance of $2,823.19 on hand September 1st.

Dr. Charles T. Harper, superintendent of health, reported 30 deaths during August, 11 of the decedents being white and 19 colored. There were 48 births reported, of which only seven were white and 41 colored. The health officers made 4,674 inspections and issued 850 orders for disinfectants twi fumingations. Two cases of scarlet fever were quarantined. The superintendent called attention to the unusually low death record for August, which speaks well for the sanitary condition of the city. The past month was the lowest death record ever recorded since 1900 except in February, 1903.

Chief Schnibben, of the Fire Department, reported 11 alarms during the month and a property loss of not exceeding $200.

FIVE FOR THE ROADS

Two Others to Superior Court By The Mayor Yesterday.

Nine defendants, all told, faced the Mayor when "play ball" was called in the police court yesterday. Five of these were struck out to the county roads and farm while two others went to the Superior Court. The remainning two, plain drunks and downs, were let off with costs and $5 fine and costs, respectively.

Louis Guyer, the negro charged with shooting Jacob Henderson and Lottie Bozeman on Kidder's Hill Monday evening, was represented by Herbert McClammy, Esq., waived examination and gave bond of $50 with G. W. Britt as surety for his appearance in the higher court to stand trial. Henderson is still in the hospital with a bullet wound in the thigh, another in the leg and a third in the hip. He is not dangerously wounded. The shooting of the woman was accidental. She received a mere flesh wound. The shooting occurred in an open field where the colored population was holding a big Labor Day picnic several hundred being in attendance.

Jim Patrick, arrested by Officer W. C. Moore Saturday night, charged with the larceny of a bicycle belonging to Mr. W. B. Stephens from in front of Kress & Co.'s store, was also bound to the higher court and went to jail in default of $50 bond.

The sentences to the roads and farm were as follows: C. T. Williams, white, drunk and down at Front and [illegible]een streets; Ammie Cumber, drunk [illegible] down at same place; Joe Yates [illegible] Charles Mulford, assault on a [illegible]red man, Jodie White, on Nixon [illegible]et. Mary Murphy, drunk and dis[illegible]rly was given 30 days on the [illegible]. The case against Joe Yates [illegible] Charles Mulford, both white men [illegible]g in the northern part of the city, [illegible]e dangerously near being held for [illegible]way robbery of the negro White.

GRAND AERIE OF EAGLES.

[illegible]nvention of Popular Fraternal Order at Norfolk.

(By Wire to the Morning Star.)

Norfolk, Va., September 3.—The ninth annual convention of the Grand Aerie Fraternal Order of Eagles convened here today with an attendance of upwards of 1,000 delegates from every State in the Union and the Dominion of Canada, and a total gathering of more than 15,000 visitors. The body was called to order by Grand Worthy President Edward Krause, of Wilmington, Del., amid great enthusiasm. Addresses of welcome were made by Governor Swanson, of Virginia; Mayor Riddick, of Norfolk, and by George Storminger, of Norfolk Aerie, No. 163. Responses were made by Theodore A. Bell, of California; Delcary Smith, of Spokane, Washn., and Frank E. Herring, of South Bend, Indiana.

Grand Worthy Vice President Theodore A. Bell, of California, and S. B. Wadsworth, of Council Bluff, Iowa, are the candidates for president.

NOTHING ACCOMPLISHED

of humor. Mr. Wood chided Mr. Bellamy on the fact that the water works plant was listed at only $60,000 for taxation, and Mr. Bellamy thrust an inquiry at Mr. Wood in regard to the tax valuation of the S. A. L. property owned by the Alderman.

Alderman Bolles submitted some remarks in regard to the manner of arriving at corporate values and showed how figures might mean a great deal or might mean nothing. The point was made that the figures of Col. Ludlow were largely upon representations of the company. He, for one, would stand pat on the report of the committee, and for one was not willing to pay a cent more than $125,000 for the plant, and since the company, through its counsel had just intimated that it would not take the amount offered, there was nothing to do but to proceed otherwise.

Mr. Bellamy asked if the Board would entertain the company's propsition to arbitrate. The Mayor replied that the whole matter was in the hands of the committee. The company had rejected the proposition.

Messrs. Wood and Bolles were ready then to make their report, but Mr. Karr was in favor of deferring the matter to another meeting.

The Mayor suggested that he would call a special meeting later to finally pass upon the matter. This was agreeable to all and the subject was dismissed after which the Board passed on to other business.

WARSAW SCHOOLS OPEN

Good Attendance and Bright Prospects for Successful Year.

(Special Star Correspondence.)

Warsaw, N. C., Sept. 3.—Warsaw Public High School and the Warsaw Graded Schools opened today with good attendance and bright prospects for a prosperous and successful session during the ensuing year.

The commodious school building has been recently overhauled and remodeled to some extent and is being furnished with additional equipment to meet the demands of the increased attendance. This progressive school under the efficient management of Professor B. I. Tart has attained a reputation and standing among the schools of this and adjoining counties of which the people of Warsaw and vicinity feel justly proud.

Funeral of Mrs. Richard Register.

In the presence of a large assemblage of friends, impressive funeral services were conducted at 4:30 o'clock yesterday afternoon from the residence, 18 1-2 North Second street, over the remains of the late Mrs. Richard Register, who passed away Monday. The services were by Rev. C. W. Kegley, pastor of St. Matthew's English Lutheran Church, assisted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church, and a number of beautiful floral tributes were laid on the casket. The interment was in Oakdale cemetery, the pallbearers having been Messrs. Abe Shiver, Thos. Hawkins, Stonewall Jackson, K. W. Jewell, S. A. Greelish and A. H. Jones.

PRETTY HOME WEDDING.

Miss Hannah B. Shrier Bride of Mr. Morris F. Bretzfelder.

A beautiful home wedding, charming for its elegance in every appointment but quiet in its nature according to the wishes of both bride and groom, was celebrated yesterday afternoon at 5 o'clock at the home of the bride's parents, Mr. and Mrs. I. Shrier, No. 409 Princess street, when their attractive young daughter, Miss Hannah B. Shrier was united in marriage to Mr. Morris F. Bretzfelder according to the beautiful and impressive ceremony of the church, the Rev. Dr. Mendelsohn officiating. A number of friends were present to witness the pretty event, though the bride had no attendants. The groom had as his only attendant and best man his brother, Mr. Ira L. Bretzfelder, of New York. Following the ceremony the bride and groom received the happiest felicitations of their friends assembled and later repaired to the A. C. L. Front street station, whence they took their departure amid a shower of rice and best wishes for a bridal tour, which will include the Jamestown Exposition and New York. They will be at home upon their return in about three weeks at No. 409 Princess street.

The bride is much admired in Wilmington, and has a large circle of friends who will be pleased to welcome her home again as Mrs. Bretzfelder. The groom is a native of Louisville, Ky., but has been a resident of the city for several years, and is held in high esteem by all who knew him. Many friends will congratulate him upon his good fortune in the marriage of yesterday afternoon.

Col. W. J. Woodward Very Ill.

Many friends here and elsewhere in the State will regret exceedingly to know that Colonel W. J. Woodward is critically ill at his home on North Second street, this city. The attending physicians say it will be impossible for him to recover. He returned Sunday night from Richmond and Atlanta where he had gone to consult specialists and has become worse since reaching home. He has been failing in health for some time but his family until within the past few days had no idea of his serious condition.

Married Last Night.

Last evening at 9 o'clock at the home of the bride's mother, Mrs. Hattie Yates, a pretty wedding ceremony performed by the Rev. James Carmichael, D. D., united in marriage Miss Louise Yates, an attractive young woman of this city, and Mr. J. P. Howell. The ceremony was witnessed by a number of friends and relatives. The couple will leave on the early morning train today for Bennettsville, S. C., to visit the parents of the groom after which they will be at home in this city.

WARM WIRELETS.

At the request of a number of boat owners, their motor crafts being delayed owing to heavy traffic into Norfolk, the opening of motor boat races at the Jamestown Exposition have been postponed to Thursday.

The National Irrigation Congress met at Sacramento City, Cal., yesterday. Vice President Fairbanks was the principal speaker, and was enthusiastically received. President Roosevelt wired the congress a message.

Prince Wilhelm of Sweden bade good bye to New York last night. He has beaten all previous sightseeing record of visiting foreigners, and has had a strenuous and interesting time that he will long remember.

At Lyndhurst, N. J., early yesterday Judge Cassidy, a policeman, was shot and killed, while endeavoring to arrest two burglars. The burglars were pursued by a crowd and rather than submit to capture one of them killed himself in a swamp. The other burglar escaped.

At Bresnia, Italy, yesterday Elliott F. Shepard, of New York, while speeding over the fifth circuit in the automobile race, plunged into the river at Monte Chiari, Italy, broke his collar bone and slightly injured other parts of his body. Elliott Fitz Shepard is a son of the late Coloniel Elliott F. Shepard, of New Yark, and a grandson of the late William H. Vanderbilt. He is well known in automobile circles.

H. E. Hutchens, general superintendent of the Eastern district of the Southern Railway, with headquarters at Charlotte, N. C., has been transferred to the Western district, with headquarters at Birmingham, Ala. W. N. Foreacre, of Birmingham, superintendent of the Western district, succeeds Mr. Hutchens. These orders are effective at once.

Loxela T. Edwards, of Phoenix City, Ala., was shot and killed last night at Columbus, Ga., by Wood C. Campbell, former marshal of that place. The shooting occurred at Wildwood Park near there. Two bullets went wild, one seriously wounding John T. Williams, a by-stander, and the other wounding an unidentified by-stander. Campbell was arrested. He said Edwards had been trying to invade his home.

Possessed with the hallucination that he is Mayor of Baltimore, Isaiah Lampron, a negro, broke open the door of Mayor Mahol's office at the city hall yesterday and carried away some 50 or 60 letters addressed to the mayor, which were lying on the desk. Lampron took the letters to his own home and was seated at a table opening them when the police came upon him. On a former occasion he declared he was mayor and put up a hard fight before he was overpowered.

Two persons were killed and 7 seriously injured, three of whom may die, and a score less seriously hurt in a rear-end collision between two cars on the Albany, (N. Y.) line of the Schenectady Railway Company last night. The accident occurred on a steep grade in the outskirts of Schenectady. The breaks of the car ahead set suddenly and the car behind crushed into it sending it down the hill. There were two other collision before the cars could be gotten under control. Both cars were packed with persons returning from Albany.

The annual cotton crop estimate of the New Orleans Cotton Exchange was issued yesterday. Secretary Hester placed the crop at 13,510,000 bales.

At Sacramento, Cal., yesterday was irrigation and conservation day at the National Irrigation Congress. Several prominent men, including United States Senator Francis G. Newlands, of Nevada, were speakers. A letter from Secretary Garfield was read regretting his inability to attend. Senator Newlands, a member of the Inland Waterways Commission, spoke of the work of that body.

TO DISSOLVE STANDARD OIL.

Taking of Testimony Postponed Till Tomorrow.

(By Wire to The Morning Star.)

New York, Sept. 3.—The taking of testimony in this city in the suit brought by the United States Government at St. Louis last December to dissolve the Standard Oil Company under the provisions of the Sherman anti-trust law, was postponed today until Thursday at the request of counsel for the defendant company. It was announced that the adjournment of the hearing would really facilitate matters, inasmuch as the opposing attorneys are in consultation over various matters which could best be handled, in their preliminary stages, at least out of the court. The attorneys for the Government offered no opposition to the postponement requested by the defense.

LIGHTNING'S AWFUL WORK

Five Men Killed and 25 Injured at Buck Horn, N. C.

Raleigh, N. C., Sept. 3.—Lightning struck the power house of the electric plant at Buck Horn this afternoon killing five men and injuring between twenty and twenty-five others. Owing to wires being down, it is impossible to obtain the names of those killed and injured. The extent of damage to the property has not been learned.

—Kinston, Aug. 27: Late Saturday afternoon the twelve year old son of John C. Koonce, of Onslow county, was drowned while out swimming. He lived with his uncle. T. B. Burt, near Faison, and on Saturday, with a crowd of boys, went to a neighboring "swimming hole" about 1 P. M. The boys all got out together, according to one of the lads and started away together. Isaac was with them at first, and, not until they had been gone sometime was his absence noticed. Sometime later in the day a man went down to the swimming place and while in the water found the body of the boy. The body was taken out and brought to Kinston, where it was buried in the family burying ground. The drowned boy was a nephew of Sheriff J. P. Nunn, of this county. It is supposed that he left his playmates and went back to the water, where he was drowned.

SECOND JOHANN HOCH.

New York Burglar Who was Killed was Murder Fiend.

(By Wire to The Morning Star.)

New York, Sept. 13.—A second Johann Hoch, the police believe, has been discovered in Henry Hoffman, the burglar who was killed while attempting to rob Charles Varrell's flat early last Monday morning. The police on Saturday declared that Hoffman was the murderer of Sophy Hockler, a servant girl found dead August 3, and tonight they announce the belief that he also murdered Mrs. Lena Schum, who was killed in Brooklyn August 20. Among the jewelry in the room Hoffman had occupied for some time before he was killed were a pair of earrings which were today positively identified as Mrs. Schum's property. Samuel Weinberg, a tailor, whose shop is on the ground floor of the building in which Hoffman roomed after the killing of Sophy Heckler, today identified Hoffman's body as that of a man who went to his shop on August 21, the day after Mrs. Schum was killed, with a coat which he wanted cleaned. The coat, Weinberg said, was badly blood-stained. Hoffman's method, like that of Hoch, the police say, was to make the acquaintance of women of his own nationality, and by pretending a desire to marry them, secure the opportunity of robbing, and if necessary killing them. Hoffman entered the Varrell flat early last Friday morning and attempted to kill the entire Varrell famiy by turning on the gas. When this was dicovered and the family retired again, he once more entered the flat and turned on the gas. A short time after the second attempt was discovered, Varrell saw Hoffman in the flat and shot and killed him.

TO OPPOSE TOM JOHNSON

Congressman Burton to Run for Mayor of Cleveland.

Cleveland, O., September 3.—Congressman Theodore E. Burton, chairman of the committee on Rivers and Harbors in the lower house of Congress, this evening issued a statement outlining a platform upon which he is willing to accept the Republican nomination for mayor of Cleveland, in opposition to Mayor Johnson, who it is conceded will be the Democratic nominee for a fourth term. In declaring himself a candidate Mr. Burton indicates that he communicated with President Roosevelt, Secretary of War Taft and Secretary of the Interior Garfield before reaching a conclusion, and in the platform laid down by him binds the convention to favoring immediate settlement of the street railway controversy and against domination by the street railway interest.

The Negro Republican convention of Georgia has endorsed Senator Foraker. This means that it will take inducements for them to change over to some other candidate.

An Arkansas prophet predicted that the earth would be destroyed Aug. 31st. The bill collector's first visit in September reminds us that the Arkansas prophecy has gone to the bad.

WRECK NEAR CHARLOTTE.

Six Injured By Side-Swiping of a Southern Train.

(By Wire to the Morning Star).

Charlotte, N. C., Sept. 3.—Southern southbound passenger train No. 35 was side-swiped tonight at Concord by the first section of the north-bound passenger train No. 38. The wreck caught fire and three cars were consumed. The official report gives the following casualties:

H. A. Miller, Philadelphia, hurt internally.

Charles Ayres, Charlotte, leg bruised.

Charles Mills, colored, Spencer, N. C., bruised.

Jim Torrence, colored, Charlotte, bruised.

H. L. Berry, Salisbury, N. C., bruised.

No cause of the wreck is now obtainable.

SIX PASSENGERS KILLED

Bad Railroad Accident on Canadian Pacific Railroad.

(By Wire to The Morning Star.)

Orangeville, Ont., September 3.—Five passenger cars of a special Canadian Pacific passenger train from Markdale to Toronto, are in the ditch near Caledon. Six persons are dead and the seriously injured number more than a score. The train which was very heavily loaded, was running behind schedule. From Orangeville there is a pronounced down grade and the locomotive suddenly jumped the rails. Five out of seven cars followed. The engineer was shot through the window of his cab, escaped almost unhurt and not a train hand was killed.

MURDERED HER HUSBAND.

Virginia Woman Dragged Body to the Woods With Mule.

(By Wire to The Morning Star.)

Lynchburg, Va., Sept. 3.—Following a domestic quarrel Joseph Peeples, a farmer, living ten miles from this city, was shot and seriously wounded by his wife, who then beat him over the head. He died shortly afterward. The woman tied a wire around his body, hitched a mule to it and dragged it into the woods, where it is alleged she concealed it in the bushes. The body was discovered Sunday and the woman was arrested and placed in jail at Bedford City. The woman claims she acted in self-defense.

Bellamy's drug store. 50c and $1.00. Trial bottle free.

Endorsed By the County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by R. R. Bellamy's Drug Store. Price 50c and $1.00. Trial bottle free.

CARD OF THANKS.

In behalf of the trades unionists of the city, I desire to return sincere thanks to the Consolidated Company, to Capt. W. F. Corbett and to others of the company who contributed so much toward the success of our Labor Day celebration on Monday.

J. LEM KING,
Chairman Labor Day Committee.

SPIRITS TURPENTINE

—La Grange, Sept. 2: Mr. C. S. Wooten has returned from a few weeks' tour through England, Scotland and France.

—La Grange, Sept. 2: Work has been abandoned on the artesian well which was begun three weeks ago. A depth of nearly 300 feet was reached, but an excess of quick sand stopped the work.

—In the suit against the Southern Railway heard in Surry Superior court the jury rendered a verdict for $6,000 for the death of Mr. Frank Hamlen, who was killed by a train in the Southern yard in Greensboro a year ago. The father sued for $30,000.

—Charlotte, Sept. 2: Chief Sanitary Officer Clardy, of Charlotte, a Clemson College man, is in jail in Greenville where he was apprehended on a charge of the theft of two hundred dollars worth of diamonds alleged to have been taken from a woman in Greenville. An officer from Greenville will be here tonight to investigate the alleged sale of the same diamonds in Charlotte. Clardy was regarded as a perfectly straight and honest man. There may be further developments.

—Asheville, Sept. 2: There's going to be a hot campaign pulled off here shortly. It's the old liquor fight again and the temperance people of Asheville are going to win unless all signs fail. They have gone into the fight very deliberately; their plans have been well executed and they firmly believe that when the ballots are counted on the evening of Tuesday, October 8, a handsome majority will be found for prohibition. That the fight will be a hot proposition is evident. The saloon advocates and saloon keepers are not asleep. They are awake to the fact that they are probably making the last stand and they are going to die hard. The issue is clear-cut this time. It is whiskey or no whiskey.

—Raleigh News and Observer: There will be great regret and sorrow felt by all of Raleigh and many people in the State at the news of the death of Miss Myrtle Mills, the only daughter of Mr. John A. Mills, president of the Raleigh and Southport Railroad. Miss Mills, who was only sixteen years old, had been ill with typhoid fever for the past twenty-one days when her death took place at 10 o'clock last night. Before this her condition had been thought to be improved, but she suddenly grew worse. Miss Mills is survived by her father and mother, and four brothers, Maple, Hartwick, Eugene and Dan. She was a very attractive young woman, a much loved member of the Sunshiners, the organist of the Christian church, and one of the best musicians of her age in the city.

—Greensboro, Sept. 2: Speaker of the House of Representatives E. J. Justice, who has been engaged in New York and Washington for the past two weeks, as one of the State's attorneys in the hearing before Standing Master Montgomery in the railroad cases, reached home Saturday, but left again this afternoon to have a conference in Raleigh with the other attorneys for the State in regard to the future division of legal labors at the next hearing which will begin in Washington on Thursday. In the examination of witnesses, so far, only a part of the testimony to be presented in favor of the railroads has been heard, and Vice President Spencer is the only one of these witnesses whose examination has been completed. The cross examination of Auditor Plant, which occupied several days of the last hearing, has not yet been completed. It is not known how many other witnesses the railroad will furnish, but it is supposed that Messrs. Ackert, Greene and Hardwick, important railway officials, will be sworn and examined.

—Louisburg, Sept. 2: Tom Upchurch, a negro convict, from the roads only a few months, was brought here yesterday by Constable Chamblee, of Harris township, and lodged in jail for the foul crime of criminal assault upon Miss Lizzie Perry, about 60 years of age. Miss Perry is connected with some of the most prominent people in that section of the county and is herself a most excellent lady. It is said that she lived alone and that the negro, while drunk, came to the house and found her in bed where the assault was committed. He then turned over and went to sleep. Miss Perry got up and went for Constable Chamblee who, returning to the house, found the negro sleeping in the bed. He was hurried off to jail so quickly that the crime was not generally known. Feeling runs high in that community, although no attempt to lynch has been made. The county commissioners today requested Governor Glenn to order a special term of court to convene two weeks from today for the trial of Upchurch, and also to try Hammond Mayfield, who is in jail here on a charge of burglary. Late this afternoon no reply had been received from the Governor.

Why Is Sugar Sweet.

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50 cents.

Malaria Causes Loss of Appetite.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children 50c.

THE COTTON MARKET

(By Wire to The Morning Star.)

New York, Sept. 3.—The cotton market was irregular within a comparatively narrow range and closed steady net unchanged to 2 points lower. Sales estimated at 150,000. The opening was steady at a decline of 4 to 7 points owing to slightly lower liverpool cables than expected but prices almost immediately rallied to about the closing figures of last Friday on covering and some buying orders. As soon as these orders had been executed however, the market showed the absence of sustained support and sold off to nearly the opening figures under liquidation by early buyers and pressure from some of the local bears. Toward the close it rallied partially on covering of shorts but trading was very quiet after the first half hour and the market showed little feature. The weekly weather report was postponed until tomorrow. New York cotton exchange figures made the crop of 1906-07 13, 539,948 bales.

Receipts at the ports today 5,769 bales against 4,103 last week and 13,481 last year. For the week 40,000 against 22,303 last week and 73,506 last year. Today's receipts at New Orleans 259 against 961 last year.

Spot cotton closed steady, middling uplands 13.55; middling gulf 13.80; sales 64,700 bales.

Futures opened steady and closed steady.

MOTHERHOOD

MRS. JAMES CHESTER

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

SILVER SERVICE FOR BATTLESHIP

Legislative Committiee Met in Raleigh to Select Gift For North Carolina.

LIEUTENANT BLUE PRESENT

Hero of Santiago Aided Committee. Some of Elegant Set Selected. Intention to Raise Service Fund to $10,000.

(Special Star Telegram.)

Raleigh, N. C., Sept. 3.—The Legislative Committee to select and present a silver service to the battleship North Carolina, awarded the contract tonight to H. Mahler's Sons Company, of Raleigh.

That is for the principal pieces to the limit of the State appropriation now available were selected from designs submitted by Mahler, and the committee will meet here during the week of October 22nd, to select additional pieces to the limit of whatever funds in addition to $5,000 the State appropriation may be raised to at that time. They are striving for a $10,000 service instead of $5,000, the amount set aside by the State. The principal pieces selected tonight are a punch bowl and cups, tea set, smoking set, ice cream set, finger bowls, and water pitcher. The smaller pieces are to be added when more money is raised. The general design of the set emphasizes features of North Carolina history and North Carolina products, including tobacco, cotton, and corn, also nautical designs in shell, rope, seaweed and dolphins, State emblems, the Great Seal, famous battle scenes, including King's Mountain, which is conspicuous, and four Secretaries of the United States Navy from North Carolina are etched on some of the larger pieces, viz: J. C. Doddin, W. A. Graham, Geo. E. Badger and John Burch, on the principal piece. On the punch bowl the State Capitol and likeness of Zeb Vance.

Others who presented designs for the consideration of the committee were Jolly & Wynne, Raleigh, representing Read & Barton, New York, and Victor E. Zoeller, of Wilmington, representing Gorham & Co., New York, and R. C. Bernau, of Greensboro, representing Whiting Manufacturing Company, of New York. The Legislative committee, which made the selections consisted of Lieut. Gov. Francis D. Winston, E. J. Justice, Speaker of House Representatives, State, Senator John C. Drewry, Representatives Chas. U. Harris, of Wake, and G. F. Hankins, Lexington. Meeting with committee was Lieut. Commander Victor Blue, representing the United States Navy Department.

NEW YORK STOCK MARKET.

Improved Feeling in Financial Circles Helped Things.

(By Wire to the Morning Star.)

New York, Sept. 3.—The stock market today gave substantial evidence of the improved feeling in financial circles. There was an active demand which embraced a wide range of securities of different classes and which resulted in a comprehensive rise in prices in the course of the day's operations. The demand was called largely professional and a large proportion of the professional buying was for the bear account to cover short contracts. Besides this there was a professional bull party that was active on the long side of the market, and which was a material factor in pushing the bears to seek cover. The strictly investment demand naturally subsided somewhat as prices rose away from the most attractive levels. There was sharp suspicion manifested over the early advance, so much so that room traders sold freely at the opening advances over last Friday's prices. The professional short sellers were driven to buy stocks when prices continued to advance. The relaxation in the money market was most pronounced in the time loan department, where something like a collapse occurred. Bids were reported cancelled and the rate for six months, which has held obstinately at 7 per cent., asked, fell to 6 per cent.

Bonds were firm. Total sales, par value, $890,000. United States 4s registered declined 1-2 and the coupons 1-4 per cent. on call. Total sales stocks today were 528,600 shares.

ADAMS MADE SUPREME.

Republicans Confer on State Chairman Authority to Recommend.

(Charlotte Observer.)

Greensboro, Sept. 2.—During the whole of today the lobby of the Benbow Hotel has been thronged with prominent members of the Republican party of North Carolina here for the purpose of attending a regular meeting of the executive committee of the party and a meeting of stockholders of the Daily Industrial News.

The meeting was held late this afternoon in the parlor rooms of the Benbow Hotel. The most important move made by the committee was the one giving into the hands of ex-Judge Spencer B. Adams the authority of recommending incumbents for all the vacant postoffices in the State, such recommendations to be the next step to appointment. The remainder of the committee meeting was taken up discussing matters of minor importance relative to the party. A majority of the members of the committee answered the roll call.

IMMUNITY FOR CHICAGO & ALTON

Railroad Company Furnished Government Evidence to Convict Standard Oil Co.

INDUCEMENT WAS HELD OUT

Case Was Called Up Before Judge Landis at Chicago—Action Postponed to Consider Company's Claim for Immunity Bath.

(By Wire to The Morning Star.)

Chicago, September 3.—Judge Landis, in the United States District Court today, ordered the postponement of the grand jury investigation of the rebating charges against the Chicago and Alton road growing out of the recent trial and conviction of the Standard Oil Company until September 24. It was generally believed that a letter would be presented from Attorney General Bonaparte. The railroad company has made a claim of immunity, asserting that it was promised by former District Attorney Morrison that if it aided the Government in good faith, in the prosecution of the Standard Oil Company it would be exempt. No such letter, however, was presented in court. When the court opened District Attorney Sims said: "I am here, if the court please, in the matter of the grand jury investigation, and in that matter I wish to make a motion for a postponement. In compliance with the suggestion of the court made at the time of the convening of the present grand jury, the facts and circumstances in connection with the matter under investigation had been submitted to the Department, and I had expected to be able to report to the court this morning its views and findings. Very recently, however, a situation has arisen, which in my judgment, makes it highly desirable that I have time to submit to the Department certain facts and circumstances in addition to those already submitted. For those reasons, I request that further action in the matter be postponed for three or four weeks."

"You may inform the grand jury," said Judge Landis, "that they are at liberty to take a recess until 10 o'clock on the morning of September 24th."

JUDGE ALTON B. PARKER.

Republican Campaign Fund Scandal Might Have Made Him President.

(Washington Post.)

As was to have been expected, the news former Governor James E. Campbell carried from New York to the effect that Alton B. Parker has the bee in his bonnet, was greeted with considerable derision, but the fact remains that that same Alton B. Parker would pretty nearly be President of the United States this blessed moment if the country had known in October, 1904, all it knows in September, 1907, about campaign funds.

If the checks of the insurance boodlers and the contributions of Mr. Harriman had been made public when Judge Parker made his charges, it might not have elected him, but he would have made a better race, both before the people and in the college.

We make no charges. We merely state a fact now within the knowledge of all men. Candidate Roosevelt's answer to Candidate Parker's charge was worth more than half a million votes to the Republican ticket. It is not at all likely that Judge Parker is a candidate for re-nomination, and if he is, it will do him no good. Nothing fails like failure—except in the case of William Jennings Bryan—and Judge Parker failed. He was whipsawed. Had the men who compassed his nomination supported him with the same loyalty and zeal for election that they did for nomination, and had the friends of Bryan been as loyal to Parker as Park was to Bryan in 1896 and 1900, Parker would have been elected even without any exposure of campaign contributions.

But as soon as Parker was nominated the men responsible for it laid down, and the Bryan irreconcilables of Missouri, Illinois, Indiana, and Ohio whetted their knives and smote the Democratic ticket under the fifth rib. Nay, Mr. Bryan himself made at least one speech from the text, "Art in health, my brother?"

As for Alton B. Parker, he is a pure man, a just judge, an able lawyer, and a Democrat of the old faith. If this people is to worship at the altars and drink at the wells of the fathers in the future, they must tread the paths marked by Parker and Hughes, McCall and Harmon, Radicalism must give place to conservatism.

Colored Boy Struck by Car.

Early yesterday afternoon a small colored boy employed by the Queen City Cycle Company and riding a bicycle in front of Candycapps, where he was attempting to get out of the way from some water thrown into the street, fell in front of a suburban car going out the switch at that point and was severely injured about the foot. He was carried to Jarman's drug store where his injury was dressed by Dr. A. H. Harriss after which he was sent home.

TORPEDO BOATS FOR THE NAVY

Bids Opened at Washington Yesterday For Construction of Five Destroyers.

NO CONTRACTS AWARDED

Four Shipbuilding Companies Put in Bids—Proposals Went All Way From $575,000 to $750,000. Decision Not Announced.

(By Wire to the Morning Star.)

Washington, September 3.—Bids were opened at the Navy Department today for the construction of five torpedo boat destroyers under the terms of the naval appropriation acts of 1906 and 1907. On the face of the bids received today it appears that if the Navy Department intended to adhere strictly to the terms of the advertisement and require the contractors who wished to provide their own designs of machinery to use the Department's hull plans, the lowest bids were those of the William Cramp and Son Shipbuilding Company of Philadelphia, for two boats at $575,000 each; the Bath Iron Works of Maine, two boats, bid at $584,300 each, and the Fore River Shipbuilding Company, Quincy, Massachusetts, one boat at $648,000.

There were so many qualifying conditions in the bids, however, that not until the board of experts charged with the examination of the details of the bids, has reported, will the Navy Department really be in a position to know which of the proposals would be actually the lowest.

The bid of the Newport News Shipbuilding Company was as follows—one boat, Department's plans for hull and machinery, $755,000. Company's machinery and department's hull, $685,000. The bids have been referred to the board on construction and it probably will be several days before a decision can be announced.

NEW WELTERWEIGHT CHAMPION

Ketchell, of Butte, Knocked Out Joe Thomas, of 'Frisco.

(By Wire to the Morning Star.)

San Francisco, Sept. 2.—Labor Day gave to the world a new welterweight champion. In the thirty-second round of a scheduled 45 round contest at Goffroth's arena at Colma this afternoon, young Ketchell, of Butte, Mont., knocked out Champion Joe Thomas, of San Francisco, in the presence of 8,000 persons. Not until the champion had gone to the floor four times in quick succession did his seconds throw up the sponge. Thomas had to be carried to his corner and it was several minutes before he recovered.

"The best man won," was Thomas' direct, frank acknowledgment when the breath that had been pounded out of him came back. The suddenness with which the end came in the thirty-second round took many by surprise. They clinched and broke away, and Ketchell drove Thomas to the floor with a left in the stomach, followed by a terrific right cross on the jaw. Thomas took all the count the rules allow and when he got up it was plain the end was at hand. Three times he went down under a rain of right and left swings, the force of which put him out so effectively that his seconds mercifully tossed up the sponge. Both men were severely punished.

Laying Granolithic Siledwalks.

Workmen yesterday began laying a new granolithic sidewalk in front of Carl Muegge building at Second and Princess streets; Contractor Turner has just closed a deal for the relaying of the sidewalks with granolithic in front of the Holmes Grocery Company's store and in front of the Bijou theatre, on Front street. Much of this work is needed in the city and property owners are advised that the best reasults may be obtained with the concrete before cold weather is here.

ARRESTED ON CAPITAL OFFENSE.

Negro Charged With Setting Fire to Residence at Night.

Fayetteville, Sept. 3.—The Daily Observer says:

"Dan Carroll, a negro 22 years of age, was placed in the county jail this afternoon, charged with a capital offence.

"He was arrested shortly after noon by Deputy Sheriff Pate, on a warrant sworn out by Alex Maxwell charging him with setting fire to and destroying his house on the night of the 30th of August. Maxwell lives on Rockfish Creek, near Hope Mills, and at 10 o'clock on Friday night his house was discovered in flames, and it is alleged that Carroll was seen going from the direction of the house. A few days previous to the fire, Maxwell alleges that he ordered Carroll not to trespass on his premises."

GET SOME YANKEE MONEY—Others are doing it. Plenty of it North. Reach out and get some. Many have more money than sense. All are crazy to own something South. Often it's just to say they have it. A great many buy without seeing. Where lots are 20x100 feet and selling $200 to $200,000 each, high prices South sound cheap. Eager to buy as children are after toys. I can tell you how to sell to some one up here, your farm, mill, house and lot, timber, or any kind of business at BIG PRICES. Then you can pay off your mortgages, pay up your debts, buy other property, and have money left to run on. Can help you to do it. But don't make the mistake of asking too little. Many buy them, employ you to manage for them, paying big monthly wages. Information for Buyers.—I can furnish addresses of actual manufacturers or importers of any particular article, no matter what it is, or any class of merchandise, specialty, or supplies. The addresses of prominent jobbing houses, who will sell in quantities to suit purchaser. Also of money-lenders glad to get 4 to 5 per cent. interest on their money. Information on almost anything can furnish. Send 2-cent stamp for reply. H. W. Finlayson, 1323 55th St., Brooklyn, N. Y. se 4-1t*
